Our Services

Assessment & Appeal Services

Using proprietary market data and research tools, our team is best equipped to review assessor values, prosecute appeals and achieve maximum results. As part of our appeal services, we assist with the preparation of annual tax estimates for our clients.

Pre-Acquisition & Pre-Development Due Diligence

Knowing what the property tax burden is going to be after acquisition and/or development is the most important item in the future operating budget. We take the guesswork out of understanding the potential burden by providing a robust due diligence report with the latest local market information.

Property Tax Payment Services

Managing the property tax payment function can be burdensome to real estate holders. We offer a sustainable solution in all 50 states.

Real Estate Transaction Tax

In many states, real estate transfer taxes may apply on the transfer of real property. We can help minimize the transfer tax as well as obtain refunds for overpayment.

Business Personal Property Compliance & Consulting

Our compliance specialists excel in preparing and filing business personal property tax returns in every state that levies a personal property tax.

Property Taxes:
